

Rules to obtain "SONDA 2017" diploma

In order to obtain a diploma on the occasion of starting to broadcast a cult popular science programme called „SONDA” , you need to collect 40 points from contacts with special event stations in dates since September 1st 2017 till September 30th 2017

Those Operators who have 3rd category permission and stations from EU can get the diploma after having collected min 30 points for contacts with special event stations. From DX station we require 15 points

SP SWLs can get the diploma based on regulations for the 1st category operators, EU and DX SWLs have requirements respectively like Operators.

Contacts with special event station can be repeated on another emission or using other KF/UKF band. Each of such contact will be counted only once for each band or each emission without being able to copy it the next day (e.g. 5 x QSO ssb in band 80m = once) . Contacting by digital emissions will be counted like rtty x1 , bpsk/psk31/psk63/psk125 x 1 – changing of the speed of transfer does not mean the change of the kind of emission. Points will be given for contacts made during the diploma activity or while possible other competitions organised during that time

The list of operators eligible to apply for the above diploma will be published on <http://sp5kvw.com> in October 2017.

Call signs of event stations giving 2 points to the diploma are:

- 1. HF40S**
- 2. HF40O**
- 3. HF40N**
